

*Archery Summit* Since its inception in 1993, Archery Summit has been devoted to crafting exceptional Pinot Noir from its 115 acres across five estate vineyards. Inspired by the remarkable growing conditions provided by the Willamette Valley, Archery Summit approaches each step of the winemaking process with particular thoughtfulness and care. This rich tradition has driven an international reputation that is among the finest of New World Pinot Noir.

Great winemaking begins in the vineyard, and this old-world mantra has been Archery Summit's guidepost from the very beginning. Because we focus exclusively on estate vineyards, we control our destiny by constantly searching for the best possible combination of plant, soil and cultivation.

### OUR VINEYARDS

On 115 acres of prime Jory soil in the Red Hills of Dundee, you will find the living, growing proof of this dedication. Dijon clones (113, 114, 115, 667 and 777) are site-selected and blended with existing mature rootstock. Densely planted vertically trellised vines are forced to compete, producing smaller berries with fewer, more concentrated clusters. Leaves are hand-thinned to ensure maximum sunlight reaches the grapes. Clusters are sacrificed to further reduce yields. And, unlike most vineyards, where fruit grows chest-high for ease of harvest, we train ours closer to the nutrient producing rootstock. Of course, all of this requires more care from bud break to harvest, but we know that there are no shortcuts to quality.
