#### WINEGROWING PHILOSOPHY

Since 1988, Seven Hills Winery has worked to cultivate long-term relationships with the oldest and most respected growers in the Northwest. The winery's exceptional vineyard program focuses on Walla Walla Valley and includes Seven Hills Winery's estate founding blocks.

*My goal at Seven Hills is to build on the vision that the McClellan family had forty years ago—to be renown for the style and quality of Bordeaux varietal wines that put Walla Walla on the map. Not just for Washington wines, but in the US and throughout the world. —BOBBY RICHARDSON, WINEMAKER*
